

Environmental Assessment of the Township of North Dundas Waste Management Plan Open House #3 – Proposed Environmental Assessment

The Township of North Dundas (Township) is undergoing an environmental assessment (EA) for the Township's Waste Management Plan under the *Environmental Assessment Act*. The EA Study will evaluate long-term solid waste management options for a 25-year planning period.

The Township wants community feedback on the proposed EA and is hosting a third open house (both in-person and virtually) as follows:

April 7, 2022

Council Chambers in the Township Office
636 St. Lawrence Street, Winchester
6:30pm – 8:00pm

For participants who would like to participate in the open house virtually, here is the link to register for the Zoom Webinar (https://us06web.zoom.us/webinar/register/WN_yKnD2Lq7Qa2N1uk2bIGHug).

The presentation will start at 6:30 p.m., followed by a question period.

At this open house, the public will learn about the results and conclusions from the EA, including the confirmed identification of the preferred 'Alternative Method' of landfill expansion, the results of the existing conditions studies, the predicted effects on the environment, and the commitments the Township is making to mitigate any potential adverse effects.

The material for this open house will be published on the Township website on April 7, 2022 for review by the public and a feedback form will also be available to provide comments to the EA Study team. Both files will be accessible at <https://www.northdundas.com/municipal-services/environmental-assessments> and hardcopies will be available at the Township Office. A hardcopy, or an electronic copy of these documents on a USB drive, can be made available upon request following the open house.

If you would like to be added to our project mailing list or have project-related questions, please contact:
